### AUTO ADVENTURES

#### MR. AND MRS. HARRY E. HALL RETURN FROM LEISURELY TOUR OF NATIONAL PARKS

Mr. and Mrs. Harry E. Hall, of 121 West Harvard street, got home last Saturday afternoon from their three and one-half months' auto tour and are trying to settle down to "humdrum existence after a roving life of adventure. They went from here to Salt Lake City by the Midland Trail and then north to Yellowstone Park where they spent about ten days, and while there took a side-trip to Cody, Wyoming, along a most wonderful mountain road. The scenery in some respects surpassed the Yellowstone, but there and in the park it is all so wonderful that it is entirely beyond the descriptive powers of ordinary mortals, they say. In their opinion it takes a John Muir to do justice to it. From the Yellowstone they went north to Glacier Park where they remained twelve days enjoying it even more than Yellowstone. Mrs. Hall says you leave it with the desire to go again and she would not mind spending a whole summer there. The sight which most impressed them there was what is known as "Triple-divide Mountain," which is in the center of the park, right on the backbone of the continent. From one side the waters flow to Hudson Bay, from another to the Gulf of Mexico and from the third to the Pacific Ocean. They found luxuriant crops of grass on the mountain meadows and a riot of flowers of varieties they had never seen anywhere before in their mountain excursions. Afterwards in Ranier Park they found fifteen or twenty more new varieties not seen in Glacier. In the park last named they found the lovely pink and white heather running wild and covering the slopes. They also had some thrilling experiences in Glacier Park which they could not describe for publication and which were connected with a hike which they made to explore a glacier, unattended by a guide and without special equipment of any sort. It is some story and (Continued on Page 4)

#### BIRTHDAY SURPRISE PARTY

On Tuesday night there was a very delightful birthday surprise party sprung on Louise Daugherty of 219 North Adams by her parents, Mr. and Mrs. Geo. F. Daugherty, her class of the Lutheran Sunday School, the teachers and friends. Unsuspecting the party gathered without causing undue excitement and suspicions. The whole scheme was given away, however, when the class appeared. It was the 14th birthday of the young Miss who took the surprise good-naturedly. The evening was spent in games and pastimes of various kinds to the delight and amusement of all. The refreshments of ice cream, water ice, pumpkin pie and cake concluded the evening's enjoyments. The persons present were Mr. and Mrs. Sherrick, Mrs. Albon Esterly, Mrs. Fairchild, Ruth Burger, Mary Sherrick, Bertha Gysin, Beatrice Hand, Gladys Russell, Louise Daugherty, Rev. and Mrs. Mottern, Elizabeth and Dorsey Mottern, Mr. and Mrs. Daugherty and Milo Sherrick.

### RED CROSS MEETING

#### BOARD DECIDES TO SELL EQUIPMENT AND TO HONOR REQUEST OF PACIFIC DIVISION

The executive board of the Glendale Red Cross Chapter met at headquarters on Brand boulevard Wednesday evening and transacted all necessary business. Reports showed excellent returns from the Red Cross Shop, its sales last month totaling \$110, and thus far this month \$70. It was stated that a good deal of the stock, which is turned over rapidly, consists of partly worn clothing that is a boon to many self-respecting citizens who cannot afford to pay the high cost of new garments. There is a great demand for this clothing and friends of the Red Cross are being urged to remember the shop when going through their closets. The board decided to dispose of all equipment not now in active use. This includes the truck and the adding machine. Several applications were received for a class in "First Aid" and an effort will be made to establish one and also a class in home nursing. Today ladies who have been fostering the shop are meeting there to sew carpet rags as a good demand exists for these rags and the present stock has been exhausted.

A request from the Pacific Division was read at the meeting calling for the donation by the chapter once a month of a man's suit of clothing to be sent to the Palo Alto Hospital and given to some one of the needy soldiers who are cared for there.

### LYONS-BURLINGHAM

#### PRETTY WEDDING OF POPULAR GLENDALE GIRL AND RE- TURNED SOLDIER

In the presence of about seventy-five relatives and close friends, some of whom came from quite distant points in the north, Miss Daphne Mae Burlingham, daughter of Mrs. Mary H. Burlingham of 617 1/2 South Brand boulevard, was united in marriage Wednesday evening at 8 o'clock to James G. Lyons, son of Michael Lyons of 321 East Maple street. The ceremony, at which Dr. E. H. Willisford officiated, took place at the home of the groom that his father, who is crippled by rheumatism, might have an opportunity to witness it. It was solemnized amid the fragrance of flowers which had been banked before the fireplace to provide a beautiful setting for the rite.

The bride, who was born in West Glendale and who has lived here all her life, has a host of friends and relatives to whom she is greatly endeared by reason of her sweet disposition. Very lovely she looked in her wedding gown of handsome white net. Her bouquet was of bride roses. Attending her was her pretty cousin, Miss Amie Miller, who wore green taffeta and who carried yellow flowers, carrying out the color scheme of the function which was yellow and white. Little Alice Underwood, who is only five years old, made a sweet picture in her gown of white organ-die with a big yellow bow crowning her hair. She was the ring bearer. The groom was attended by his brother, George Lyons. Miss Jessie Dutton, cousin of the bride, played the wedding march, and Miss Zita Duncan, a very old friend of the bride, and her mother sang, her accompanist being Mrs. George Lyons. The bride was given away by her father.

After the ceremony the wedding party adjourned to the home of the bride which she and her husband will occupy after their return from a brief honeymoon trip. Here a wedding reception took place and light refreshments were served, each guest receiving a slice of the handsome bride and groom cakes. Mr. and Mrs. Lyons were the recipients of many very beautiful gifts which were inspected with pleasure by the guests. At the appointed time the bride exchanged her wedding finery for a going-away gown of blue serge with hat to match and the young people left for a short trip, although their objective was a profound secret. Mr. Lyons is an ex-service man, having spent about a year overseas. He returned to the job he surrendered when he went into the army and is in the employ of the Pacific Telephone Company in Los Angeles.

#### THIRTY-CENT AD BRINGS THIRTY BUYERS

Mrs. Frank B. McKenney, who formerly resided in Glendale where her husband conducted a furniture and hardware store on San Fernando Road, has been in Glendale this week to pack up and dispose of household belongings in their former home at 131 West Eulalia street. She inserted a thirty-cent advertisement in the Glendale Evening News and before she could serve her dinner buyers were there, so anxious were they to be first applicants for what she had to sell. About thirty persons called in the course of the evening and she got rid of everything she wished to dispose of. She is very much impressed with the "pulling power" of Glendale News advertisements and with the evidence that the paper is very carefully read.

#### SUDDEN DEATH OF MRS. GRISWOLD

The neighbors of Mrs. Anne J. Griswold, of 133 West Los Feliz Road, widow of John D. Griswold, a veteran of the Civil War, were shocked to learn this morning of her sudden death. Though her health has not been vigorous, she has not been seriously ill. Particulars of her demise are not yet available.

#### CHAPTER A. H. MEETS

Chapter A. H. of the P. E. O. was entertained for its all-day meeting and luncheon at the home of Mrs. Clair Van Etten, on El Bonito street Tuesday. Two members of the Burbank Chapter were guests.

The program included the reading of selections from the magazine of the order by Mrs. Goodwin, a paper by Mrs. Chas. Barker on the Stars in the Firmament. All the appointments of the luncheon were very pretty, the table being centered with Cochet roses.

### COAL MINERS REJECT COMPROMISE

#### STRIKE TO BEGIN NOVEMBER 1ST UNLESS THERE IS NEW PLAN OF SETTLEMENT

(Special Service to Glendale Evening News)  
WASHINGTON, Oct. 23.—Representatives of the coal miners voted today to reject Secretary Wilson's plan of compromising the coal strike. Acting President Lewis of the United Mine Workers of America declared:

"The offer is inadequate and insufficient and fails to meet the necessities of the situation."

The action of the miners means that the strike will begin November 1st, as scheduled, unless there is a new plan of settlement.

### DISAPPOINTMENT MAY CAUSE RELAPSE

#### THOSE CLOSE TO PRESIDENT FEAR EFFECT ON HIS ILL- NESS OF LABOR'S WITHDRAWAL FROM CONFERENCE

(Special Service to Glendale Evening News)  
WASHINGTON, Oct. 23.—The President's physicians today issued this statement at noon:

The President is making as satisfactory progress as is possible under the circumstances. No new symptoms have developed."

It was learned at the White House that those close to the President fear the effect of labor's withdrawal from the Industrial Conference on Wilson's illness. It was pointed out that any great disappointment may cause a relapse.

### HUNTING FROM STATE HIGHWAYS

#### ACT FORBIDDING IT HELD TO BE INVALID AND VIOLA- TION OF STATE CONSTITUTION

(Special Service to Glendale Evening News)  
SANTA ANA, Cal., Oct. 23.—Superior Judge Williams rendered an opinion today holding invalid the provision of the Motor Vehicle Act prohibiting hunting from state highways and county roads. The decision held that such regulations are not a proper subject for inclusion in the Vehicle Act and that they violate the constitutional provision against any legislation covering more than one subject and that shooting from the highways is not covered in the title of the law. The decision was rendered in a test case.

### THE BATTLE AT RIGA

#### AMERICAN RELIEF COMMISSIONER STRUCK BY GERMAN SHELL—RUSSIAN TANKS BEING USED BY BOLSHIEVIKI

(Special Service to Glendale Evening News)  
LONDON, Oct. 23.—A Copenhagen dispatch reaching here today said that Dr. Orbison, head of the American Relief Commission at Riga was wounded by a German shell which struck the Commission headquarters during the bombardment. The Bolsheviks have started using Russian-made tanks against the anti-Bolshevik army.

### INDUSTRIAL CONFERENCE ADJOURNED

#### "PUBLIC GROUP" ASKED TO CONTINUE WORK OF DEVIS- ING SETTLEMENT OF INDUSTRIAL SITUATION

(Special Service to Glendale Evening News)  
WASHINGTON, Oct. 23.—After a conference with several members of the public group of the Industrial Conference, Secretary Tamm reported to President Wilson and the President then wrote to Chairman Lane of the conference requesting that the public group remain in session and continue the work of devising means of effecting a settlement of the industrial situation.

Secretary Lane called the conference to order at 12:30 this afternoon after waiting all the morning to hear from the President, and notified the conference of the President's desires. He declared that the withdrawal of the labor group altered the nature of the conference and that the conference in its present form is adjourned.

The employers' group immediately started a caucus in another room. Secretary Lane declared:

"Inasmuch as the disagreement between capital and labor falls on the public, it seems proper that this group should find a way of settlement. This group recognizes the fact that the people of the United States are greater than any party. The public group will be asked to make a report and give advice and suggestions on the industrial policy of this country, these to be presented to the President. Outside the weather looks gloomy but out west we call wet weather 'growing weather,' so it may not be as unkind as it seems."

### CUMMINS' RAILWAY CONTROL BILL

#### FAVORABLE ACTION TAKEN BY SENATE INTERSTATE COMMERCE COMMITTEE WITH MINOR CHANGES

(Special Service to Glendale Evening News)  
WASHINGTON, Oct. 23.—The Senate Interstate Commerce Committee today voted to report favorably the Cummins railway control bill with a few unimportant changes.

### WONDERFUL GARDEN

#### ASTONISHING COLLECTION OF FRUIT AND FLOWERS AT HOME OF H. C. ACKLEY

As this paper has remarked more than once, Glendale is rich in unusual gardens. Probably the half of them have not been discovered because of the modesty of their owners. One such is at the home of Mr. and Mrs. Henry C. Ackley, at 236 North Kenwood street and it is the special product of Mrs. Ackley's taste and care. It is not a showy garden, but is an exposition of what can be done with an ordinary fifty foot lot by careful planning and is well worth a visit from florists or horticulturists who are sufficiently well posted to know what it represents.

Mrs. Ackley is a great lover of flowers and has some fine collections. For instance, she has a cactus garden in which about twenty-five different varieties are growing, including five night-blooming cereus which flower every year. One which is especially beautiful practically covers one side of a small building against which it is trained. She also has a fine specimen of Columbrina which reaches above the eaves of the building referred to. A most interesting variety which would be passed by unnoticed if its peculiar characteristics were not explained is the mound-shaped barrel cactus which stores up water in an inner reservoir against the time of need. Desert travelers when short of water often raid these stores. Other interesting sorts are low-growing plants which hug the earth and are covered with a criss-cross of woody spines looking for all the world like a little heap of dead brush. These are its protection undoubtedly from the too fierce heat of the sun. The garden also contains two varieties of the Mexican Chola. Mrs. Ackley spent two years at Victorville and learned to love the desert and its plant life.

In another part of this neat rear garden is a collection of the wild flowers common to our canyons, lupins, penstemons, etc. A place has likewise been found for a fernery, a slatted arbor filled with treasures of this loved greenery. It is shaded by a Passafloa Edullis vine that is yielding fruit which Mrs. Ackley uses for jellies and jams. She has fifty-nine named varieties of ferns, not all of them housed in the pergola. In the shelter of her home on its north side are some exceedingly beautiful tall varieties and the kinds used by the Japanese for their fern balls. Nothing is crowded in this garden and after the flowers have been given their allotments of earth there is still room for quite a colony of tomatoes, for an asparagus bed, and for more transient vegetables. But the florist would not be satisfied to consider these until he had examined Mrs. Ackley's collection of Iris. It is difficult to believe that she could find a place for ninety-five varieties, but such is the fact and after seeing how they are used for borders around flower beds and along fence boundaries it is explained. There is, of course, a thrifty rose garden and all the commoner garden favorites, violets, fuchsias, etc., a colony of Golden Glow twelve feet high, and several varieties of lilac bushes.

Besides all these floral citizens is a mixed orchard of fruit trees which is of special interest to new comers anxious to acquaint themselves with the unusual products of our country. Of course it includes several citrus trees, naval and tangerine oranges and grape fruit, enough peach trees to supply the Ackley family and neighbors, but of these fruit trees the most interesting at the present moment are probably the Feijos trees which are hanging full of fruit most unusual in appearance and delicious in flavor. The tree resembles an ol-

#### EASTERN GUESTS

Mr. and Mrs. J. E. Peters of 209 North Orange street had as guests at the church supper served Wednesday evening at the Christian Church, Mr. and Mrs. Floyd Mercer, young people who came to Los Angeles from the east a few months ago. Mr. Mercer's parents, who are also living in Los Angeles are old friends of Mr. and Mrs. Peters and they are so favorably impressed with Glendale that they are looking for a home here. If they purchase and settle in our city the young people will come too. The supper was well attended and was followed by an inspiring prayer service in which the Mercers participated.

WEATHER FORECAST: Fair tonight and Friday except cloudy or foggy tonight and in the early morning near the coast. No important change in temperature.

### MISS SMITH RESIGNS

#### FROM BANK OF GLENDALE OFFI- CIARY TO MARRY PEORIA, ILL., MAN

Miss Mabel G. Smith, assistant cashier of the Bank of Glendale and connected with that institution for the past seven years, has resigned her position with the bank and will become the bride of George L. Bowman, a grain man, connected with the Peoria, Ill., Board of Trade.

This announcement is especially interesting since Miss Smith has such a wide acquaintance throughout this section, due to her long connection with the bank. She severed her relations with the bank last Saturday and will be married late in the fall. After a month's wedding journey through the east she will make her home in Peoria.

Miss Smith's departure from Glendale is a real loss that will be felt by many with whom she has been so intimately associated. However she has been showing Mr. Bowman the beauties of California for some weeks and their eventual return to make their home here is anticipated by their friends.

#### STAG PARTY

About fifty men who attend Congregational Church services were pleasantly entertained by the pastor, Dr. E. H. Willisford, and his wife, Monday evening, in the church parlors, where get-together games were enjoyed and a musical program was given. Mrs. Charles A. Parker sang to a piano accompaniment furnished by Mrs. Wright, and piano selections were contributed by her son, Godfrey Parker. Dr. Willisford and his guest, Ben Scovell, a returned Canadian soldier, told a lot of interesting war stories and the doctor's collection of war souvenirs was exhibited. Light refreshments were served.

#### DAYLIGHT ONE HOUR EARLIER

Beginning with next Sunday morning daylight will come to us one hour earlier and on Sunday evening darkness will come upon us one hour earlier. The new daylight schedule goes into effect at 12 o'clock Saturday night, when all clocks will be set back one hour. In the language of the Glendale ranchman, "We will be back to God's time again."

### GOOD BALL GAMES

#### GRAMMAR SCHOOL BOYS MAK- ING FINE RECORDS AND WIN- NING COMMENDATION

Wednesday was quite an eventful one to ball players in Glendale grade schools. In the afternoon the first team of Intermediate played the first team of Cerritos avenue on the Intermediate field and Cerritos won with a score of one to nothing. The victory was the more creditable to Cerritos because it has a much smaller list of boys from which to pick a team. It was a hard-fought game and fine work was done by all the boys.

In the regular Soccer League games, Columbus avenue defeated Intermediate Angels with a score of one to nothing. The Columbus avenue boys put up a very clever game and deserved to win, so the on-lookers said, although none of the players loafed on the job.

In the second division of the same League, Broadway defeated Colorado boulevard in a score of one to nothing. Mr. Blanford, director of athletics, pronounced this the best soccer game he has seen the boys play in several years. He says: "It was a big surprise to me because at the last game played by the boys of the smaller school the Colorado team was weak and Broadway was very strong, but this time the little fellows played the big ones to a standstill and completely disproved the theory that American boys cannot play soccer. The way Miss Waite and Miss Ross have brought up that team is wonderful. They have made the boys realize it is up to them to play their hardest for the honor of their school. In the previous game they loafed around and didn't half play."

Mr. Blanford also paid a tribute to the behavior of the boys who are taking part in these contests, saying: "All the way through in these soccer games the sportsmanship of the boys has been excellent. They have taken the decisions of their referees like gentlemen. I haven't seen a single 'crab.' They have not loafed on the job but have played good ball and are to be complimented on the way they are behaving."

## ECONOMY SHOULD COME BEFORE BORROWING

There is talk of another issue of government bonds to meet government expenditures.

Such action should only be taken as a result of stern necessity, if at all. And certainly, before it is done, Washington should inform the American people precisely how many and exactly what economies have been effected. There never was a time when it was more important than at present that the government should pay as it goes, should cut its expenditures to meet its revenues, should avoid placing further taxation burdens on the people.

It is a poor time to talk bond issue when congress persists in disregarding the national demand for a budget system. If no halt is made to government extravagance and waste, it is quite possible that the people might respond to the call for bond subscriptions with the slogan, "No Budget, No Bonds."—Baltimore Sun.

## BELIEVE OIL YIELD FAILING

(By United Press)

OKLAHOMA CITY, Oct. 23.—Oklahoma's oil fields are failing, operators think.

Since 1917 production has shown a steady decline ranging from 5000 to 7000 barrels a day, and now, with the continuing decreases operators are confidently expecting price increases for the raw products. A discovery of new fields is the only alternative, they say.

Thirty-one out of Oklahoma's 77

counties yield either oil or gas and comprise the richest deposits in America. Their contribution now is about 218,000 barrels daily, according to figures offered by the state auditor, who collects a 3 per cent tax on gross production.

More than \$3,500,000 had been collected by the state this year at the beginning of the present quarterly period, and this did not include about one-third of the production which is from Indian lands.

day for a few days of duck shooting.

Mrs. J. D. MacKinnon of Alham-  
bra was the guest of her mother, Mrs.  
W. L. Colton, of 111 South Central  
avenue, Monday and Tuesday.

Mrs. Martha Marriott of 506 East  
Harvard has returned from Ohio  
where she has been visiting friends  
for the past two months. She is the  
sister of Mrs. Viola Wright and aunt  
of Mrs. Harold Salisbury.

W. B. Kirk, Provident agent,  
whose interesting letters written  
from eastern points en route to the  
home office of the Provident at Phila-  
delphia have been enjoyed by read-  
ers of the Evening News arrived at  
home Wednesday evening.

John A. Logan of the Glendale Na-  
tional Bank has been the owner of a  
new Nash touring car since Wednes-  
day of this week and Agent Wid-  
mayre has been wearing an addition-  
al smile on account of another sale  
having been made to a satisfied cus-  
tomer.

Mrs. Charlotte L. Phister of 1432  
Valley View Road has been enter-  
taining her mother, Mrs. Lauber, of  
San Bernardino, for the past ten  
days. She expects her mother-in-law  
to arrive in a few days from Detroit  
where she has been since last April.

F. W. Cornell of San Jacinto spent  
a night this week with Mr. and Mrs.  
Max Green of this city. He has a  
large deciduous fruit ranch at San  
Jacinto and has sold his peaches this  
year for \$60 a ton and apricots for  
\$50 a ton. It has been a very satis-  
factory season.

E. L. Osborne has just completed  
the house he has been building at  
127 North Columbus and will occupy  
it himself next week. It is a seven-  
room modern bungalow. Mr. Os-  
borne says he has found quite a de-  
mand for lots which is an indication  
that the buyers are considering  
building homes.

Reeve Gartzlan, manager of the  
Pacific Coast Distributing Office for  
the Oakland car, is leaving Saturday  
for Pontiac, Michigan, where the  
Oakland factory is located, says Max  
Green, the Glendale agent. He goes  
to try to spur them up on western  
deliveries as the demand cut here  
exceeds the supply.

Charles Shattuck, well known in  
Glendale, who had been with the Pul-  
ham Undertaking Company, has ac-  
cepted a position as salesman with  
the Packer & White Auto Company.  
Mr. Shattuck says that in looking  
around for a car to represent he de-  
cided to select one that he positive-  
ly knows is a good one, so he is sell-  
ing Studebakers.

Mr. and Mrs. Peter Oliver, former  
residents of Glendale who are now  
living in Long Beach, are guests this  
week of Mrs. Margaret E. Neil, of  
127 South Kenwood street. They  
still have a very warm regard for  
this city and are regular subscribers  
to its daily paper. For that reason  
they are pleased to observe the many  
evidences of its prosperity. Long  
Beach is prospering, too, they say,  
and they enjoy their little ranch of  
one acre there near Bixby Heights.

**MAY FORM THIRD PARTY**

(By United Press)  
ST. LOUIS, Oct. 23.—A new third  
party may grow out of the conference  
of the country's farm and labor or-  
ganization to be held here December  
9th.

The gathering has been called by  
"The Committee of Forty-Eight,"  
which has an organization under way  
in New York City. Dudley Field  
Malone, former prominent Democrat,  
appointed Collector of the Port of  
New York by President Wilson is  
active in the movement.

The official convention call says  
delegates from all states will attend.  
The convention will be in session  
four days. The Democratic and Re-  
publican parties are denounced, in  
the call, as unrepresentative. Heavy  
taxation and wasteful extravagance  
of public funds and responsibility for  
the high cost of living are charged  
against the two parties.

"Right to a decent living for a  
day's work" free speech, free assem-  
bly and improvement of transporta-  
tion facilities are given as reasons  
for the proposed third party. Old  
parties have failed in solution of  
these problems, the "Committee of  
Forty-Eight" charges.

The fifty-second convention of Cal-  
ifornia Fruit Growers and Farmers  
will be held at Chico November 10th  
to 15th inclusive.

Care is being taken by the state  
agriculture department to prevent in-  
flux of the boll weevil from infested  
districts of Arizona.

**TO DISCUSS NEWS-PRINT SITUATION**

(By United Press)  
INDIANAPOLIS, Oct. 22.—Na-  
tional interests were represented at  
the sessions of the Tri-State Forestry  
conference which opened here today  
for two days.

Discussion of the news-print situa-  
tion and the shortage of timber, ap-  
pointed as the themes, brought dele-  
gates from all parts of the country.  
Governors Lowden of Illinois, Good-  
rich of Indiana and Cox of Ohio yes-  
terday assured President Charles L.  
Pack that their states will be well  
represented.

Among the speakers were to be  
Prof. H. H. Chapman of Yale Uni-  
versity, Dr. Wilson Compton, Chica-  
go, secretary of the National Lumber  
Manufacturers' Association; P. S.  
Ridsdale, secretary of the American  
Forestry Association; C. C. Pettis,  
superintendent of New York State  
forests, and I. C. Williams, deputy  
forestry commissioner of Pennsyl-  
vania.

Richard Lieber, director of the de-  
partment of conservation of Indiana,  
will be in general charge of the con-  
ference.

**BRITISH PARLIAMENT AS-  
SEMBLES**

(By United Press)  
LONDON, Oct. 22.—Parliament  
reassembled today after a two  
months vacation, and the opposing  
parties lined up for a strenuous fall  
session. Questioners were busy early  
and the occupants of the government  
"Front Bench" had a lively time at  
the hands of members who were  
chiefly interested in the result of the  
government's "economy campaign,"  
the North Russian war and Premier  
Lloyd George's Irish trade and labor  
policies.

The Irish question was on the list  
for an early government statement.  
Lloyd George having promised a new  
home rule bill this session, and in  
any event some action must be taken  
soon, otherwise the 1914 bill be-  
comes a law six months after the con-  
clusion of peace. Definite action  
with reference to the coal industry  
is also imperative, and a fresh state-  
ment on the cabinet's trade policy is  
due.

National expenditure questions  
were expected to bring Chancellor of  
the Exchequer Austen Chamberlain  
into the limelight; members being  
uneasy over unofficial reports that  
the much-vaunted government econ-  
omies had only resulted in an annual  
saving of from \$75,000,000 to \$125-  
000,000, which on a daily expendi-  
ture of \$10,000,000 in excess of reve-  
nue was held to be inadequate.

Speaker J. W. Lowther took the  
Chair in the House of Commons at  
2:45 p. m.

**RIGHT BACK AT HIM**

An Englishman, talking against  
many things in America, happened  
to say to a friend in New York:  
"Why, even your newsboys can't  
take a joke!"

The American friend replied:  
"Just try the next one that comes  
along with some nonsense and see if  
he can't answer you."

The Englishman agreed and  
stepped up to a newsie saying, "Hel-  
lo, youngster, look at your nose and  
tell me what time it is!"

The boy quickly replied, "Aw,  
look at your own, mine ain't run-  
ning!"

Two thousand acres of cotton will  
be harvested in Kern county this  
year.

## ORDINANCE NO. 331

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD IN SAID CITY ON THE 12TH DAY OF NOVEMBER, 1919, AND SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY THE PROPOSITION OF INCURRING AN INDEBTEDNESS IN THE SUM OF \$260,000.00 FOR THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS IN CONNECTION WITH THE COMBINED DEVELOPMENT, OPERATION AND IMPROVEMENT OF THE WATER WORKS AND SYSTEM AND THE ELECTRIC LIGHT WORKS AND SYSTEM OF THE CITY OF GLENDALE; PROVIDING FOR THE ISSUANCE OF BONDS THEREFOR, SUBDIVIDING THE CITY INTO ELECTION PRECINCTS, DESIGNATING THE POLLING PLACES AND APPOINTING ELECTION OFFICERS FOR SAID ELECTION.

WHEREAS, On the 25th day of September, 1919, a petition was filed, signed by fifteen (15%) per cent and more of the qualified electors of the City of Glendale, computed on the total number of votes cast therein for candidate for Governor at the last preceding election at which a Governor was elected, with the legislative body of said municipality, requesting that a proposition for the acquisition, construction and completion of the hereinafter described municipal improvements, and providing for the issuance of bonds therefor in the sum of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS be submitted to the qualified electors of the City of Glendale, at which such proposition may be voted upon; and

WHEREAS, The Board of Trustees of the City of Glendale, at its regular meeting held on the 24 day of October, 1919, by a vote of more than two-thirds (2-3) of all its members, duly passed and adopted a resolution determining that the public interest and necessity demand the acquisition and construction by the City of Glendale of certain municipal improvements in connection with the combined development, operation and improvement of the water works and system and the electric light works and system of said city, to-wit., lands, wells, pumping plants, pipes, line rights, meters, reservoirs, reservoir sites, water rights, poles, pipe line rights and a hydro-electric generating plant for the purpose of generating electricity.

That the estimated cost of said municipal improvement and utility is the sum of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS, and is and will be too great to be paid out of the ordinary annual income and revenue of the municipality. Said improvement would require an expenditure greater than the amount allowed for the same by the annual tax levy; and

WHEREAS, Said resolution was duly signed and approved by the President of the Board of Trustees of said city on the 24 day of October, 1919, and was attested and certified to by the City Clerk and was duly published on the 3d day of October, 1919, in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. That a special election be held and the same is hereby called to be held in the City of Glendale on the 12th day of November, 1919, for the purpose of submitting to the qualified voters of said city the proposition of incurring an indebtedness and issuing bonds of said city in the amount hereinafter set forth and for the purposes set forth in said resolution and as hereinafter stated.

Section 2. That the objects and purposes for which said indebtedness is proposed to be incurred, and bonds issued therefor, are as follows, to-wit:

The acquisition, construction and completion of certain municipal improvements in connection with the combined development, operation and improvement of the water works and system and the electric light works and system of said city, to-wit., lands, wells, pumping plants, pipes, line rights, meters, reservoirs, reservoir sites, water rights, poles, pipe line rights and a hydro-electric generating plant for the purpose of generating electricity, and providing for the issuance of bonds therefor.

Section 3. That the estimated cost of said proposed municipal improvement, described in Section 2 hereof, is the sum of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS; that the amount of the principal of the said indebtedness to be incurred therefore is the sum of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS, and that the rate of interest to be paid on said indebtedness shall be five (5%) per cent per annum, payable semi-annually; that if the proposition for incurring said indebtedness for said purposes so submitted at said election, receive the requisite number of votes, to-wit., two-thirds of the votes of the qualified voters voting at such election, bonds of said city in the amount of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS shall be issued and sold for the purpose of acquiring and constructing said municipal improvement and utility; both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard weight and fineness.

Section 4. The polls for said election shall be open at six o'clock of the morning of the day of election, and shall be kept open until seven o'clock of the afternoon of the same day, when the polls shall be closed, except and provided, however, that if at the said hour of closing there are any voters in the polling place, or in the line at the door thereof, who are affected by vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote, but no one who shall arrive at the

polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

The ballot to be used at said election shall be printed substantially in the following form:

## Instruction to Voters

To vote in favor of the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "Yes;" to vote against the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "No."

ALL MARKS EXCEPT THE CROSS (X) ARE FORBIDDEN

ALL DISTINGUISHING MARKS OR ERASURES ARE FORBIDDEN, AND MAKE THE BALLOT VOID.

If you WRONGLY STAMP, TEAR or DEFACE THIS BALLOT, return it to the Inspector of election and obtain another.

Shall the City of Glendale incur a bonded debt of TWO HUNDRED SIXTY THOUSAND AND NO 100THS (\$260,000.00) DOLLARS for the purpose of acquiring, constructing and completing certain municipal improvements in connection with the combined development, operation and improvement of the water works and system and the electric light works and system of said city, to-wit., lands, wells, pumping plants, pipes, pipe lines, meters, reservoirs, reservoir sites, water rights, poles, pipe line rights and a hydro-electric generating plant for the purpose of generating electricity?

## AUTO ADVENTURES

(Continued from Page 1)

their return to tell the tale seems little short of miraculoes.

Because they did not want to retrace their journey and also because of mountain forest fires, from Glacier Park they went north into Canada. Fire even then had entered the park and since that time it has burned over so great an area that the park is said to be almost ruined. In such a vast wilderness where the occasional tourist is reasonably certain to camp and build a fire or to scatter cigarette stubs, "the wonder is," said Mr. Hall, "that fire doesn't completely destroy it." The ground is covered with a thick mulch of humus which holds fire a long time. He told of smelling smoke on Mount Ranier and discovering it ascending from such a mat of humus in a slender spiral which he extinguished by pouring water upon it. Had no one else seen it, a big forest fire might have resulted.

In Glacier Park they saw antelope and elk and also a sight rare anywhere in the world—a band of Rocky Mountain goats, not 300 yards away at Grinnell Glacier. So nearly extinct are these animals that a hunter convicted of killing one of them would probably be sent to the penitentiary for five years, Mr. Hall declared. He also spoke of how great a nuisance the bears have become in Yellowstone. No one is allowed to carry fire arms and tourists are defenseless. The government no longer feeds them and in their foraging raids they not infrequently tear the entire lining out of an automobile. To club them would be to invite an attack and the owner can only look on and fume over the damage. All the national parks, especially the Yellowstone, have had a big season. The 225 stages of the Yellowstone Company were filled all the time and thousands of private autos visited the park.

At their objectives in Canada, McLeod and Fernie, the shortage of the wheat crop was the thing most noticeable. It was due to drouth and some farmers did not expect to get their seed back. The same conditions prevailed in Montana. From Canada they drove back into Idaho to Spokane and Seattle and to Mount Ranier Park where they saw larger glaciers than at Glacier Park, but not so many of them. Among the pleasures of their trip Mr. and Mrs. Hall spoke of the fine fishing they had in Madison River just outside of Yellowstone, and of their drive through the redwoods of Mendocino county. When questioned as to roads they declared that except in cities visited they did not find fifty miles of paved roads outside of California, and this fact has given them a new respect for their home state.

and there they spend their days basking in the sunshine, watering the lawn, dodging the real-estate highbinders, eating at the cafeterias, boosting the climate. Farmers, stockmen, dairymen—thousands of them pack the old bankroll into the old jitney each year and hike for Paradise.

Freeman Tilden has lately been there for THE COUNTRY GENTLEMAN, and, with his humorous spectacles on, he has watched the retired farmers at work and play. He has written several articles which will be run as a series. At the same time there will start another great new series, "Doing His Best with What He's Got"—real stories of

## WONDERFUL GARDEN

(Continued from Page 1)

ive in its coloring and habit and the resemblance is carried out in the fruit which looks like an enormous olive berry except that it has a rough skin and does not turn black. Its pulp, as stated, is a delicious acid and makes very fine tart jelly. For salad purposes it could hardly be excelled. The garden also contains orange, lemon and strawberry guavas, a white Sapota, which yields a pulpy fruit of about the consistency of custard, a Cheremoya (Custard Apple), several Japanese persimmons, an avocado and a few other fruit trees. On an adjoining lot of which the Ackleys have the partial use are a long row of Roselle whose crimson buds Mrs. Ackley uses for jam to take the place of cranberries which it resembles in its bright color and acid flavor. There is also a long row of chrysanthemums and a peanut plantation. The Ackleys home is not a showy one, but it is coveted nevertheless and they have been offered a cash price for it that at first thought might seem a fine figure, but to them it is no temptation. After the years they have spent accumulating this collection of "green things growing," and the loving care they have lavished

ed upon it, it has become a part of themselves from which they are not inclined to part.
